Events

1. The Oxford Guild: Infinity Speaker Series

<https://www.facebook.com/events/1896482067303638/>.

The event is being hosted by the Oxford Guild and it's part of an initiative to bring strong and successful women and members of minority groups to talk in Oxford to give everyone positive role models to which they can aspire. It's called the Infinity Speaker Series and the keynote event of the series is on Tuesday of 3rd Week.

2. The Oxford-GCC Business Conference

The Oxford-GCC Business Conference aims to serve as a forum for networking and knowledge sharing. Attended by scholars, practitioners, and policy experts, the panel discussions will provide a wide range of views on key developments and factors impacting the GCC business environment through

select themes. **Programme starts at 10:00am and ends at 4:30pm (registration starts at 9:00am)** [CLICK TO VIEW PROGRAMME](#).

3. Free to Be Kids

What are you doing during the holidays? Why not do something AMAZING?

Children's charity Free to Be Kids will be running residential adventure projects

for 100 children from inner city London, who really need a break. Could you give a week of your time in late July or early August to give these children a holiday to remember?

No previous experience of working with children is required - full training will be provided. Accommodation, food and all activity costs are covered by the charity - you just need to arrange transport to and from our project, near Tunbridge in Kent (we can pick you up from the nearest train station). Join a brilliant team of fun, energetic volunteers, gain great experience and impressive skills for your CV and have a week you'll never forget.

For more information, visit our [website](#), check out our [FAQs](#) and complete our short [Volunteering Application](#) or contact us at recruitment@freetobekids.org.uk. Hurry! We're in the process of arranging training and places are likely to fall quickly - complete an application form to register your interest ASAP!

Sports

1. Women's Cricket Cuppers

Ouwcc is hosting Cuppers on Saturday of 3rd week. Games will be short (c 8 overs) and all levels of experience are very welcome, there is a training day on Saturday of 2nd for anyone new to the game or who'd like to get back in to the swing of things.

Teams are of 8, and colleges can be combined to make sure each team has enough players. Knockout games will be played either side of lunch at the Marston Sports ground.

It costs £20 to enter, please get in touch with me (elizabeth.fry@seh.ox.ac.uk) by Wednesday of 2nd week (the 10th) if you'd like to enter a team.

Psychology studies

1. Participants wanted for a study involving cognitive training combined with transcranial electrical stimulation (tES). This experiment involves multiple daily sessions of cognitive training combined with non-invasive transcranial electrical stimulation (tES) and electroencephalography (EEG). There are 13 consecutive days (Mon-Fri only) plus a follow up session that can be scheduled for 3 to 5 weeks after completion of the 13th session. Times for daily sessions are flexible, and participants are compensated for their time and effort. Reasonable travel expenses will be reimbursed as well. If you wish to participate or to receive further information please email Margherita at margherita.nulli@psy.ox.ac.uk.

2. Facebook and crime experiment

What does your Facebook profile reveal about you? Why do some people commit crime? And how are these two questions related? We are looking for 1,000 people to take part in the first online experiment to anticipate how cutting-edge developments in behavioural analysis could impact the criminal justice system. By taking part, you will learn more about why people commit crime and how we can predict a person's personality from their Facebook likes.

You will also have the chance to win money and help a group of eight aspiring researchers from universities all around Europe.
