College notices

1. VOTER REGISTRATION

Unless you've registered to vote since July 2016 – you will not be able to vote in the 2017 General Election!!

Registering online takes less than 5 minutes – do it here now: [gov.uk/register-to-vote](https://www.gov.uk/register-to-vote)

If you want to check if you are registered to vote in Oxford, you can ring the City Council on 01865 249811

2. Clare College, Cambridge - May Ball Ticket Offer

“My name is Leo, and I'm the President of the Clare May Ball in Cambridge this year, to take place on 19th June.

I've been in talks with Eoin, the JCR president of Oriel College, Clare's sister college, and I offered them some tickets to attend the ball. He mentioned that his college was quite close with yours. Around 20 Oriel students have taken up the offer, however in order to fill a bus, we would need to find 30 more students from Oxford who wanted to come to our ball too.

I'm therefore writing to offer students from your college the chance to purchase tickets to the Clare May Ball 2017. With unlimited food from around the world, drinks flowing all night, 4 music stages and much more, this ball is more like a one night festival, and is set to be a brilliant night.

You can find out much more by viewing our website: www.claremayball.com

and our Facebook page: www.facebook.com/claremayball2017”

Events

1. Regent's Fling Bar Committee

This is a reminder that the deadline of 17th May is fast approaching for Regent's Park College's 'The Alchemist's Ball', which is still recruiting students to work behind the bar at this year's ball on 10th June 2017 (Saturday, 7th week).

Following recent concerns, we will now be paying staff **£7.20**, meaning that everyone – regardless of age – will be paid the minimum wage for a 25 year old or above. The bars' working hours will be **from 19:00 until 02:00**. Staff will get a **20-minute break for every 2 hours of work, with refreshments provided**. As added incentive to work hard and in recognition of the intensity of the work, we **offer an extra hour's wage (£7.20), as a possible bonus** for good work.

We are also looking for an experienced **Bar Manager**. This is a position of responsibility, with a higher bonus in recognition. Applicants for this position must have extensive experience and be willing to manage the bar team and two bars, as well as liaise with the Ball chairs on the night. We are preferably looking for a graduate student for this position but will accept undergraduate applications if they have the required experience.

Furthermore, we are looking to recruit a **Deputy Bar Manager**, with the specific job of overseeing the cocktail bar at the start of the night, before working alongside the remaining bar staff after the closure of the cocktail bar and to liaise with the Bar Manager. This role will also receive an increased bonus.

Bar staff will not have access to the event as a guest and we would expect you to work hard and in a professional manner.

To apply please email your CV, highlighting any relevant bar/waiting work experience, to Sam, the Ball Committee's Bar Manager (sam.haden@regents.ox.ac.uk) by Wednesday of 4th week (17th May). Please state in your email whether you wish to apply for the general committee or for the position of Bar Manager/Deputy Bar Manager. Our team will then review the applications, and conduct a brief face-to-face meeting with successful applicants on Saturday of 4th week (20th May). Sam will let you know whether or not you have been successful by Sunday of 5th week (21st May).

2. Oxford Africa Conference 2017

May 19-20

Blatvanik School of Government

Tickets on sale on website: <http://www.oxfordafricaconference.com/>

3. The 2 Trillionth Tonne: Consequences of Severe Climate Change in 2100

We have assembled an exciting, high-profile panel to paint a picture of the environmental, social and economic realities of a 2100 world which has faced severe climate change. The panel includes:

Achim Steiner: Administrator of the United Nations Development Programme and former Executive Director of the United Nations Environment Programme

Nicholas Crane: President of the Royal Geographical Society and Presenter of BBC's 'Coast'

Professor Timothy Lenton: Chair in Climate Change & Earth System Science at University of Exeter

The discussion will be followed by a free drinks reception.

Registration is not necessary, but highly recommended as we anticipate this to be a very popular event. Register here: <https://goo.gl/ZH7R2Q>
