

BEN LAKELAND FOR TREASURER

Hi, I'm Ben, a third year physicist and your current domestic officer. Famously I like to provide the JCR with interesting facts so here are some about me:

- I'm a physicist so (hopefully) should be able to do maths
- I have been a **very reliable DO** (I haven't missed a menu yet (though there's still over a week until hustings, this could be embarrassing))
- I have a year of experience on **JCR committee** and also working with college for you, the good people of the JCR
- I've kept **immaculate records** of my budget as DO
- I am the current **Treasurer of Oxford RAG**
- I have a **Gold DofE** (all that walking must have been useful somehow)

I promise to:

- Reimburse JCR members timely and regularly
- Offer termly budget reports so you can see how the JCR funds are being spent
- Ensure we have enough money available for everyone's favourite JCR events such as JCR tea, welfare tea and life drawing
- Work with the Clubs and Socs officer to ensure Corpus Challenge runs as smoothly and economically as possible
- Send more **interesting facts** in my (admittedly rarer) emails as treasurer

I am DO Ben Lakeland and I approve this message (Is that breaking purdah, who knows?!?)
