

MEZ FOR CLUBS AND SOCS

#mez4makingthemostofyouruniversityexperience

I'm Mez, a second year English student who would really really like to be your new clubs and socs officer

Groovy things I'd do

- **Promote the societies side of clubs and socs**

I think it's important that the brilliant societies of Corpus don't get forgotten and so I'd like to help boost these through emails that promote upcoming events such as Owlet's shows etc.

- **Refresher email bulletin**

As a fresher, it's easy to become snowed under your work in Michaelmas and not get around to trying anything else out. I'd send out a bulletin at the start of Hilary and Trinity with details of all the Corpus clubs and socs to remind people what is on offer.

- **Corpus Challenge entz**

Liaise with college to see if it is possible to host a different dinner event after challenge for those who don't get on/ don't want to go to formal, such as a BBQ or booked meal.

- **Design a Challenge T shirt that isn't horrible and actually has the corpus colours**

Big things on the horizon kiddos.

Why I'd be ace

- **Oxford University Korfball President**

Yes, it's the big Dutch elephant in the room. I've been Korfball prez for the last year where I've led a 7-person committee responsible for the running of the club. This involves a lot of admin and a lot of emails. I also act as a representative figure to outside funding and governing bodies.

- **Committed (and vital) member of JCR sports teams**

I play for the college Netball and Cricket teams and value the friendly ethos that the Corpus clubs promote, except to Cambridge #shoe

- **Also engaged in the college society scene**

I've helped out at Owlet's shows as well as attending the celebrated Corpus Cheese Soc where I lost my stilton virginity. Nice.

- **Had experience with clubs and socs budget**

I've applied to the clubs and socs budget as an individual, so I am aware of the process and would be keen to help both individuals and clubs with their applications.
