

Tyron FOR Treasurer

What I'd do

- **Accountability and transparency**, make the termly budget much more detailed, show comparison to previous terms budget, how much of the previous budget was actually spent
- Have better breakdowns by budget category, e.g. how exactly have we spent £600 on newspapers?!?
- Show the JCR the state of the finances (how much money we have, change over time etc) every term, present it with the budget (I know everyone always promises this, but I'll actually do it!)
- If the JCR has given someone money to buy something, once it has been bought confirmation of this and the exact amount spent should be shown at the next meeting, in the minutes
- Living costs information from Oxford is quite poor, would work with Access to better inform incoming Freshers of realistic living costs information

Why I'd be good

- Am an upstanding member of the JCR
- Hold leadership roles in several societies, am vice-president of the Young British Esperantists, and co-chair of Champagne & Socialism - both roles which involve a fair amount of responsibility and handling of money
- I lost the last election for Treasurer by half a vote, and my treasuring skills have only increased since then
- Would be quite tragic if I lost a 3rd JCR election in a row
