

LAUREN FOR LGBTQ+ REP!

Things I'd like to do as rep:

- Organise trips to LGBTQ society events **as a college**; these events can seem quite daunting without a group of friends
- Continue to place the emphasis on **non-drinking** events throughout the whole academic year
- Work with the rest of the equal opps committee to organise more **intersectional** events
- Improve the awareness of the **rainbow peers**
- Work with the welfare officers and rainbow peers to
 - create LGBTQ+ specific **mental health** drop-ins
 - develop LGBTQ+ **support packs over the vac** and to continue being a point of contact throughout the vacs too
- Investigate the viability of LGBTQ+ sexual health provision (dental dams, for example)

Why me?

- ✚ I'm a **friendly** face & can easily be found around college
- ✚ I attended the **LGBTQ+ facilitator training** last year and have experience with delivering this to the freshers
- ✚ I'm a pretty **good listening ear** if you're worried about anything LGBTQ+ related (or in general, really)
- ✚ I own ***copious*** amounts of **glitter!**
